

THE 5TH INTERNATIONAL CONFERENCE ON ENTERPRISE SYSTEMS ES2017

22-24 SEPTEMBER 2017, BEIJING, CHINA

Special Session on “Human Factors and Ergonomics in Systems” Call for Papers

Human Factors and Ergonomics is concerned with the understanding of interactions among humans and other elements of a system, and applies theories, principles, data and methods to system design, in order to optimize human well-being and overall system performance. The purpose of this special session is to facilitate the discovery, integration, and application of scientific knowledge about human aspects of systems, and to provide an opportunity to discuss relevant topics.

This special session accepts papers including human factors and ergonomics issues in systems, with a focus on the design, operation and management of contemporary systems.

The topics are allowed but not limited to:

- Human factors and ergonomics issues in system design and engineering,
- Systematic approach of implementing human factors and ergonomics in industrial practice,
- Human resource management,
- Social, organizational, psychological, safety, and health issues in systems,
- Human reliability in systems,
- Human-centered design in different systems

Submission

When you submit your paper, please select this section in the submission system.

Principal Organizer:

Dr. Liang Ma (email: liangma@tsinghua.edu.cn) Affiliation: Tsinghua Univ. China

Organizers:

Dr. Jianwei Niu (email: niuqw@ustb.edu.cn) Affiliation: Univ. of Science and Technology Beijing, China

Dr. Peng Liu (email: pengliu@tju.edu.cn) Affiliation: Tianjin Univ. China

Important Dates:

Submission deadline: May 31, 2017 (passed)

Notification of acceptance: July 7, 2017

Final manuscript due: July 31, 2017

Registration due: Aug. 22, 2017

Note: the special sessions apply the same deadlines and submission instructions, please check the updated deadline at <http://www.ie.tsinghua.edu.cn/es2017> .
